

AWP-204 AZ FAASTeam presents:

# **Falcon Field Helicopter Patterns and Safety Operational Procedures**

FAAST, FFZ ATCT and Falcon Field Staff welcome all commercial and private helicopter owner/operator and pilots who are either locally based or operate within the FFZ Class Delta airspace. FFZ ATCT will discuss the helicopter LOAs in detail.

Helicopter pattern, arrival, departure and transitioning procedures, with an emphasis on safety, will be discussed. Everyone will be focused on refining the best possible helicopter operations for the users.

Communication is the key, grab another helicopter pilot and bring questions!

**Directions:** Commemorative Air Force Museum Library Conference Room. (See FFZ Helicopter Diagram under Additional Public Seminar Documents below for map.)

**A message from the National FAASTeam Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
